

**MODEL 1500A GPC
REPLACEMENT PARTS NEW AND USED**

Dear Rosemount 1500 GPC User:

Esys is pleased to announce continuing legacy support service for the Rosemount 1500A GPC. Recently, Esys acquired the product line from Rosemount Analytical Inc. As a result, Esys will continue to support the 1500A GPC and improve on product quality, delivery time, and product support services.

Esys is currently building an inventory of spare parts for the Rosemount 1500A GPC product to provide fast same day spare part support*.

Below is a list of spare parts by stock part number supported by Esys. Lead-time on most part orders are four weeks. Repairs typically are completed in four to six weeks from receipt of authorization.

*Spare parts are subject to availability

Esys REPAIR SERVICES

Esys offers in-house diagnostic and repair services for the Rosemount 1500 GPC integrated circuit board assemblies. Repair services are performed by Esys electronic service technicians at the Esys facility in Bakersfield, California.

Diagnostics

Labor Services: Perform diagnostics on customer circuit board and provide estimate on required repairs.
Minimum Charge: \$200.00 per board

Repairs

Esys will perform authorized repairs and bench testing on a time and material basis. The applicable bench rate for these services is \$95.00 per hour. The repairs do not include initial diagnostic services.

Repair cost will not exceed 60% of the cost of a new board.

Warranty

Circuit boards repaired and sold by Esys carry a 90-day limited warranty.

Exchange

Esys will issue a 25% credit towards the purchase of a new or used board for repairable exchange boards.

All Products and Services provided by Esys are subject to the Esys The Energy Control Company – Terms and Conditions, dated May 1, 1998, available here: [TERMS & CONDITIONS](#)
